SUBJECT: Letter of Recommendation

Gentlemen:

We are pleased to write this letter of recommendation for Dwayne Deimler and Exceptional Homes. We greatly appreciate the time, effort, concern, and energy you put into the building of our new Lexington Estates home, ensuring its quality of design and workmanship throughout the process. We also appreciate the fact that we were able to meet your subcontractors and interact with you and them on various occasions when we visited the home site.

Compared to other building contractors we have worked with, you alone have been honest and patient with us throughout the building process. You walked the second mile with us by taking time to listen to us and construct our home according to our needs and wishes.

Additionally, we would like to express that we greatly appreciate the way you proved out your trustworthiness by being men of integrity in your business dealings with us throughout the purchasing process.

From beginning to end, you have provided us with quality workmanship at a reasonable rate and completed our home right on schedule. Overall, we couldn't be more pleased with our home building and buying experience.

Thank you for listening to us and making our home buying experience one that has been satisfying, enlightening and enjoyable.

Sincerely,

Mark and Shirley Millward
